

COUNTY OF LOS ANGELES
DEPARTMENT OF PARKS AND RECREATION

November 30, 2004

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**APPROVAL AND EXECUTION OF A GRANT AGREEMENT WITH THE CALIFORNIA
WILDLIFE CONSERVATION BOARD FOR THE MARSHALL CANYON LAND
ACQUISITION DRAFT CONCEPTUAL AREA PROTECTION PLAN GRANT
APPLICATION**

(Fifth District – 3 Vote Matter)

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the application for the proposed acquisition project is categorically exempt from the California Environmental Quality Act (CEQA).
2. Approve the attached Grant Agreement for Acquisition of Fee Interest with the California Wildlife Conservation Board (WCB).
3. Authorize the Interim Director of Parks and Recreation, or his designee, as agent of the County of Los Angeles, to execute the attached Grant Agreement and submit to the WCB this grant agreement and any related documents which may be necessary for the completion of the grant application.
4. Authorize, upon an award of grant funding, the Interim Director of Parks and Recreation, or his designee, as agent of the County, to accept the grant, conduct all negotiations, execute and submit all documents, including but not limited to, project grant amendments and payment requests, which may be necessary.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of and authorization to execute the attached Grant Agreement will allow the County to fulfill a submittal requirement of the WCB for the Marshall Canyon land acquisition Draft Conceptual Area Protection Plan grant application (CAPP). Upon award of grant funding, the WCB, as grantor, will fully execute the grant agreement with the County.

On June 3, 2004, the Department, in partnership with the San Gabriel Mountains Regional Conservancy, submitted a Draft Conceptual Area Protection Plan (CAPP) grant application to the Wildlife Conservation Board, requesting funding in the amount of \$5,358,000 for the proposed acquisition of approximately 447.45 acres of land located on the front range of the San Gabriel Mountains east of the San Gabriel River and north of the cities of La Verne and Claremont. In addition, a local funding share of \$1,500,000 has been committed as a match for the project from the Regional Park and Open Space District County Excess funds available for project within the Fifth Supervisorial District, for a total project cost of \$6,858,500. Funding consideration by the WCB is tentatively scheduled for its February 2005 agenda. As a requirement of the grant application, the WCB requires the submittal of a grant agreement executed by the grantee prior to funding consideration. In addition, the Chief Administrative Office will return to your Board at a future date with recommendations for approval of the proposed acquisition.

The proposed acquisition is part of the overall Marshall Canyon Conservation Corridor (MCCC) which, when completed, will create a five mile conservation corridor stretching from San Dimas Canyon on the west, to Mt. Baldy Road in Claremont on the east. The MCCC will expand and enhance the biological resource value of the existing undeveloped Marshall Canyon Regional Park and many of the proposed acquisitions are located adjacent to and contiguous with this park. The County will own the properties acquired in fee simple.

In the interim, however, the Trust for Public Land (TPL) has worked in partnership with the Department to secure and execute land options from willing sellers of the proposed properties to be acquired. TPL has undertaken this task at no cost to the County to temporarily secure the properties to be acquired until such time as a grant is awarded and the County can undertake and complete the acquisition of the proposed properties. In addition, the San Gabriel Mountains Regional Conservancy (SGMRC) will enter into a management agreement with the Department and assume ongoing management and maintenance responsibility for any property acquired in the MCCC and within the scope of this grant application.

Implementation of Strategic Plan Goals

Upon completion, the proposed project will contribute to the achievement of three goals of the County's Strategic Plan: Goal 4 (Fiscal Responsibility) by investing in the public infrastructure; Goal 5 (Children and Families' Well-Being) by protecting open space that helps promote good health, safety and survival, emotional and social well-being, and education/workforce readiness of children and families of the County; and Goal 6 (Community Services) by improving the quality of life for residents.

FISCAL IMPACT/FINANCING

The total estimated project cost for the project is \$6,858,500. The WCB project grant application requests funding in the amount of \$5,358,500. A match in the amount of \$1,500,000 will be provided from Regional Park and Open Space District County Excess funds available for projects in the Fifth Supervisorial District.

Operating Budget Impact

Operating cost estimates for the projects are under development by the Department and will be reported to you prior to the actual acquisitions of the property. However, the San Gabriel Mountains Regional Conservancy (SGMRC) has agreed to enter into a management agreement with the Department and assume ongoing management and maintenance responsibility for any property acquired in the MCCC and within the scope of this grant application and, therefore, it is anticipated that any operating budget impact will be minimal.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Wildlife Conservation Board was created by legislation in 1947 to administer a capital outlay program for wildlife conservation and related public recreation. Originally created within the Department of Natural Resources and later placed with the Department of Fish and Game, the WCB is a separate and independent Board with authority and funding to carry out acquisition and development programs for wildlife conservation, pursuant to California Fish and Game Code 1300, et seq.

The primary responsibilities of the Board are to select, authorize and allocate funds for the purchase of land and waters suitable for recreation purposes and the preservation, protection and restoration of wildlife habitat. The WCB approves and funds projects that set aside lands within the State, through acquisition or other means, to meet these objectives.

Upon execution of a project grant agreement, the Department will be required to spend those funds in accordance with the project grant agreement.

County Counsel has approved the attached grant agreement as to form.

ENVIRONMENTAL DOCUMENTATION

The application for the proposed project is categorically exempt under the California Environmental Quality Act (CEQA) according to Section 15601 (b) (3) of the State CEQA guidelines because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment; therefore, the activity is not subject to CEQA.

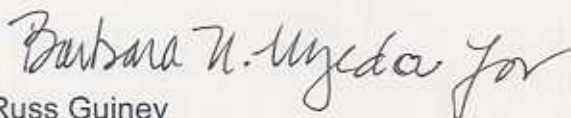

IMPACT ON CURRENT SERVICES AND PROJECTS

There are no impacts on current services or projects as a result of this action.

CONCLUSION

Upon approval by your Board, please instruct the Executive Office, Clerk of the Board to forward one conformed copy to the Chief Administrative Office, Capital Projects Division, and two (2) conformed copies of this letter to the Department of Parks and Recreation by Tuesday, December 7, 2004, for submittal of the grant agreement to the grantor.

Respectfully submitted,

Russ Guiney
Interim Director

Subject to the mutual agreement of Grantor and Grantee regarding text, design and location, Grantee will post a sign(s) on the Property to indicate the participation of Grantor and DFG in Grantee's purchase of the Property, provided however, that the sign(s) shall display Grantor's logo, as shown on **Exhibit C**, which is attached hereto and made a part hereof by this reference, as appropriate;

iii. the Property (including any portion of it or any interest in it) may not be sold, transferred or exchanged without the written approval of the State of California, through the Executive Director of the Wildlife Conservation Board ("WCB"), or its successor, provided that such approval shall not be unreasonably withheld as long as the purposes for which the Grant was awarded are maintained and all the Grant conditions must be assumed by any successor in interest;

iv. the Property (including any portion of it or interest in it) may not be used as security for any debt without the written approval of the State of California, acting through the Executive Director of the WCB, or its successor, provided that such approval shall not be unreasonably withheld as long as the purposes for which the Grant was awarded are maintained;

v. Grantee shall record, concurrently with close of escrow in the purchase of the Property, a Notice of Unrecorded Grant Agreement (the "Notice"), incorporating by reference this Agreement and giving public notice that Grantee received funds under this Agreement in order to assist Grantee in acquiring the Property and that, in consideration for the receipt of the Grant Funds, Grantee has agreed to the terms of this Agreement. The Notice shall be in the form attached hereto as **Exhibit D**.

vi. Grantee shall provide a copy of the Recorded Document with all recording information as well as a copy of the title insurance policy covering the property or property rights acquired as a result of this Grant Agreement. 3. BREACH OF ESSENTIAL CONDITIONS

3.1. In the event of Grantee's breach of any of the Grant conditions in section 2.2, Grantor shall give written notice to Grantee, describing such breach. Notice shall be deemed given when deposited in the U.S. Post Office or with a reliable over-night courier, postage prepaid, addressed to Grantee, or by personal delivery

to Grantee's relevant address set forth above.

3.2. If Grantee does not, within ninety (90) days of notice given, cure the breach described in Grantor's section 3.1 notice or, in the event the breach is not curable within said ninety (90) days, and Grantee fails to commence such cure, then Grantee shall be in default ("Default") under this Agreement.

4. REMEDIES

In the event of a Default under this Agreement, Grantor shall be entitled to receive, at Grantor's election, one of the following as the remedy for Grantee's Default:

a. Reimbursement to Grantor of the entire sum granted to Grantee pursuant to this Agreement, together with interest compounded semi-annually starting from the date of this Agreement to and including the date of reimbursement, at a rate equivalent to that which is being earned at the time of Default on deposits in the State of California's Pooled Money Investment Account.

b. Conveyance by Grantee of a conservation easement over the Property in favor of the State, or at the election of Grantor, in favor of a qualified non-profit organization, together with payment of a sum to Grantor which, when combined with the fair market value of the conservation easement, equals the sum granted to Grantee pursuant to this Agreement, together with interest compounded semi-annually starting from the date of this Agreement to and including the date of reimbursement, at a rate equivalent to that which is being earned at the time of Default on deposits in the State of California's Pooled Money Investment Account. The conservation easement shall be for the purposes of wildlife habitat preservation, restoration and management, wildlife-oriented education and research, and for compatible public or private uses, all as may be consistent with wildlife habitat preservation and protection of sensitive biological resources. The value of the conservation easement shall be determined by a fair market value appraisal, as approved by Grantor and the State Department of General Services, to the extent required by law.

5. ADDITIONAL TERMS

5.1. Disbursement Procedure. Grantor shall disburse the Grant Funds according to the following procedure. 5.5.3. In the event of any termination of this Agreement in accordance with this section 5.5, neither party will have any rights or remedies against the other party except as provided herein, and each party shall cooperate with the other party to execute such documents as may be necessary to clear title to the Property, including any Notice of Unrecorded Grant Agreement recorded pursuant to this Agreement.

During such time, said records shall be made available to the State of California for audit purposes during normal business hours.
